Oria's endeavor has been to realize the architectural intent while creating the most exquisite built spaces for top entrepreneurs, well known personalities in India.

## What is the economic times award about?

The Indian construction industry today has a variety of options when it comes to choosing its building materials and fittings/fixtures partners.

*However, with a gamut of Indian and international players competing in the market, how can the industry know which is the best brand for it? Therefore, in the best interest of the Indian construction and ancillary industries The Economic Times has introduced the first listing of the Best Brands in the Indian Building Materials and Fittings*
